

You have **ONE CHANCE** to save
a national treasure

50
years

since the
Wilderness Act
of 1964, which
preserves the
Boundary Waters
Canoe Area (BWCA)

250,000

BWCA Visitors Annually

1.1 MILLION ACRES

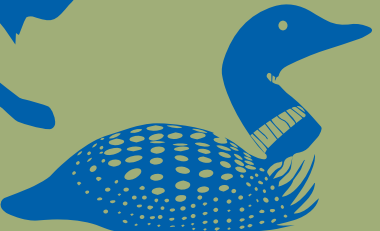

of pristine water and uninterrupted forest can
be found in the Boundary Waters Canoe Area

Home to many sensitive
wildlife species

Gray Wolf
Moose

Canada Lynx
Loon

AMERICA'S MOST VISITED WILDERNESS

237.5
MILES OF OVERNIGHT
HIKING TRAILS

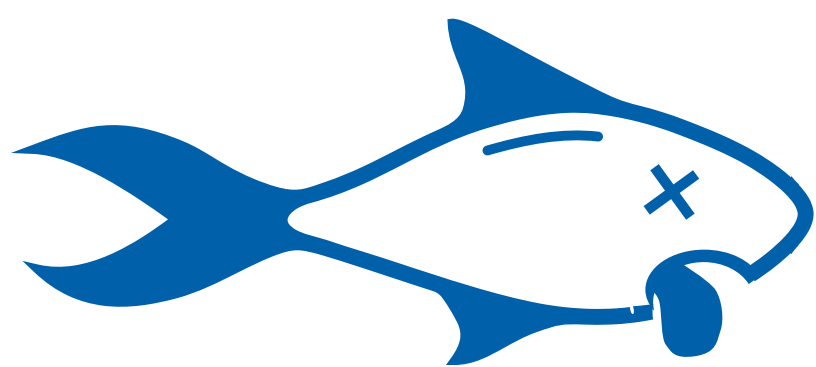

1,200
MILES OF CANOE
& KAYAK ROUTES

2,000
DESIGNATED
CAMPSITES

AT RISK

Sulfide-ore copper mining
THREATENS
the watershed of the BWCA

The copper mining industry
has a **HIGH-RISK OF POLLUTION**
and a terrible track record
at preventing impacts

Mining activities
would likely
FRAGMENT and **REDUCE** the
acreage of forest surrounding the
Boundary Waters Canoe Area, while
also disrupting wildlife habitat

**A THREAT
TO TOURISM**

in Northeastern Minnesota,
which supports **18,000 jobs**
& brings in **\$850**
million in annual sales

JOIN US

to help stop
mining from
destroying this
national treasure
